OPENING OF NEW COMPUTER LAB

The new computer lab was opened for the senior students on 10.03.2023. The lab is well equipped with 32 computers and has been opened exclusively for the students of classes XI and XII.

ART EXHIBITION & PTM

At SAPS, students grow up with an understanding of creativity and imagination through all the activities, on a daily basis. The idea is not only to encourage children to use their imagination but also to help them in understanding Life and Nature as a whole. This becomes more important when it comes to Art & Craft. An Art Exhibition was held in the school on 27 March, 2023.

From splashes of vibrant hues, different types of paintings, sketched portraits, flower vases made of ice cream sticks and other exhibits made of eco-friendly material brought out the best creativity of our students. Our budding artists presented many creative ideas which left all the viewers dumb struck and full of praise for the talent on display.

The parent teacher meeting was also held on the same day for classes III-VIII. The new session for all the classes will start from 5 April 2023.

BIDDING ADIEU

Teaching is the profession that creates all other professions!!

Two of our senior teachers, Ms Shashi Verma and Ms Vijay Sankhyan retired after contributing years of fruitful service to the school. They devoted much time and effort to the students and the school. They worked tirelessly in shaping the students' minds and leading them on to a good path. It's so amazing we didn't realize how quickly time flew by and the day of their retirement came. We bid an emotional goodbye to these two dear teachers of ours, wishing them both a happy and healthy life as they begin the new chapter of their lives.
