Conducting online SAFAL Pilot Assessment (Classes V & VIII)

The National Education Policy (2020) recognizes high quality Foundational Literacy and Numeracy (FLN) as an urgent and necessary prerequisite to learning. The quality of assessments in elementary grades can play a pivotal role in measuring progress towards achieving this goal and also provide guidance to each stakeholder in the system for improving learning levels. NEP 2020 recommends transforming the assessment system to promote development of students and suggests a shift from testing rote memorization to competency-based learning. To map progress throughout school years, the NEP 2020 proposes an annual school examination for all students in Grades 3, 5, and 8. This assessment will focus on testing core concepts, application of knowledge and higher order thinking skills

In continuation of the training of Master trainers (Ms. Saloni Jain and Mr. Rakesh Kumar) on the captioned subject for conduction of Mock Test held in the month of January, 83 students of Class VIII and 80 students of Class V were registered for SAFAL (Structured Assessment for Analyzing Learning) pilot assessment. The students appeared for the online Assessment as per the following schedule in the computer Laboratory in two batches from February 8 to Feb.22,2023.
