

SRI AUROBINDO PUBLIC SCHOOL, BADDI

Mother's
CAMPUS

Outstanding Achievers

Session 2017-18

1. Akanksha Dubey is the school topper with 92.8 percent marks in XII board exams.
2. Vanshita Thakur is the school topper with 96.4 percentage in class 10 board exams
3. Rudraksh has bagged 7th position in CBSE cluster in the event of Shotput throw at National level
4. Arpita Panigrahi has bagged the prize money of 20000 in different Olympiads in the session 2017- 18

Editorial

An archive to spark your imagination.

This is a time of great changes. In education too we see fast changes. The student today is an individual, a real person with feelings of self-respect, sensitivity, responsibility and compassion. We need to recognize, appreciate, applaud and foster the fine blend of sensibilities in a child – and thus this Magazine is to be viewed as a launch pad for the children's creative urges to blossom naturally. **As the saying goes, mind like parachute works best when opened.** This humble initiative is to set the budding minds free allowing them to roam free in the realm of imagination and experience to create a world of beauty in words.

This school attains its eminence in the first place through the achievement of children. This has been given enough print space in the Magazine. This also promotes the School spirit which is built up within the school through the collective actions, thoughts and aspirations in the form of co-curricular activities. All these, we believe would spur higher growth and enterprise in children.

Our thanks are due to the Director Col. P.S. Choudhry and Principal Mrs. Anila Nair, who have been of immense help in breathing life into these pages.

Happy reading

Integral Education Envisioned By Sri Aurobindo

Integral Curriculum

- I All life is education. So curriculum is not confined to a limited syllabus and a few text books.
- II It should include all those subjects which promote mental and spiritual development.
- III It is a means towards an end, not an end in itself, the end being the development of integral personality.
- IV There should be flexibility to meet individual needs.
- V Subjects of curriculum should be able to motivate children.
- VI Curriculum should involve creativity of life and constructive activities
- VII Curriculum should be interesting.

Chairman's Message

Learning is a treasure that will follow its owner everywhere

It is a matter of pride to pen down the message for the annual school magazine of Sri Aurobindo Public School, Baddi. My heart fills with great pleasure as I perceive the progress being made at School.

Each issue of our school magazine is a benchmark that marks our growth, unfolds our imaginations and gives life to our thoughts and aspirations. It unleashes a wide spectrum of creative skills ranging from writing to editing and even in designing the magazine. I congratulate the entire editorial team for their hard work and dedication in making this dream come true.

The seeds of an idea sown in 1997 have come to fruition, and the school is growing into a strong sapling.

The school magazine is a platform for the students to express their creative pursuits which develops in them originality of thoughts and perception. The contents of the magazine

reflect the wonderful representation of various activities conducted throughout the sessions.

In this pursuit of excellence, I appreciate our parent fraternity for supporting the school in every aspect. I also laud the relentless efforts of our teachers for giving their best in bringing out the best in each child. But I would exhort the students to be always modest, humble and disciplined, while being ready to expand the horizons of their knowledge and skills by dreaming big and working hard.

I extend my warm wishes to the Director Col. P S Choudhry, Principal Mrs. Anila Nair, Staff and Students of Sri Aurobindo Public School, Baddi to continue this journey on the road of excellence.

Padma Bhushan Awardee

Sh. S P Oswal

Chairman Vardhman Group of Companies

Director's & Message

The beautiful things about learning is that no one can take it away from you.

Every year, the school has tradition of producing not only 100% class X & XII results but also of show casing 75 to 80% of students scoring first division marks or above upto 95%. From class XII, in the last two years, there have been three to five students who succeeded in joining national level institutes in the Engineering, Medical & Commerce.

It is all because of collective efforts of our hardworking and bright students and parents who have been helpful to their wards and co-operative to the school leadership and our committed teachers.

Good results and desired discipline as expected has been a source of inspiration to the school management. On their behalf, they have always made efforts which result in enhancement of quality education and holistic development of students.

For the last one year, we have put in sustained efforts to develop sports culture so that children remain always fit. By allocating one period every day for all students, we ensured that every student walks out of the class room and gets engaged in some sports activity. Also, it is compulsory for KG classes, class I & II students. They normally do not play any organized game but attend Kooch games which are run by a specialists. Compulsory playing of games has created a passion for some of the students. Such Students visit the school one hour before the assembly for special coaching by a qualified coach. Most of such players

have shown preference for Volleyball and Athletics. The evening coaching is also available in the school.

In academics, we have started evening classes to teach Mental Maths besides Abacus which is already being taught for the last many years. Computer Lab which is air conditioned is equipped with all desired tools for preparing children for online practice. Recently, English Teaching Lab has been introduced.

From the current year, mentoring of potential students and less experienced teachers has been undertaken. Students who normally produce good results at school level are developed into aiming big so that they can achieve board level distinctive positions. Similarly, teachers who need improvement into delivery of academic content are counselled to ensure desired learning outcomes.

On the whole, we offer our students a stress free learning environment which encourages application, creativity and critical thinking.

I must appreciate and thank parents of our children who have always been very cooperative to our ideas and suggestions.

With best wishes

Col. PS Choudhry
Director Education

Principal's Message

Educating young minds and preparing them for an extremely competitive world is a great challenge. What our children see, hear and imbibe depends on how we speak, behave and act or react in their presence. Our perspectives and thoughts therefore play a very important role in shaping them as responsible citizens. Being good role models to them as teachers, parents and adults would be hence the best way to inculcate values in them, since being advised would be the least a generation of rationally thinking young men and women would prefer. Our responsibility to groom the future citizens therefore does not limit to books, but in being exemplary and being the change we wish to see in them.

The success we have achieved in the last one year is chronicled in the pages ahead, both curricular and non curricular alike. We are committed to repeat higher feats, with the support of our visionary management, devoted teachers, perseverant students and a parent community that extends unconditional support to our endeavours. A number of initiatives have been taken by the School to further its cause of achieving higher accomplishments in the ongoing year. The most important amongst them includes formalizing the diagnostic class tests. Teaching and learning is a continuous process. It is pertinent for the teachers to know whether the learning objectives they have set in their lesson plans have materialized into learning outcomes. The diagnostic tests assist them to assess the outcomes

and reinforce concepts with remedial classes, if required. Adding on, the work sheets also help the teachers to explore further possibilities of effectively implementing lessons and assessing the level of learning. It is worth to mention that these worksheets are prepared by applying Benjamin Bloom's Taxonomy. We are determined to achieve a system where learning is a matter of joy, the stress and pressure of achieving marks and grades is replaced by the joy and pleasure of attaining knowledge which the child can apply to solve real life problems.

An individual is incomplete until he makes himself useful for the society. To imbibe qualities of empathy and sharing, the school has initiated the community service programme. Last year the major event was collecting usables and distributing it through an authorized NGO. In the current year, SEWA club has been formed to further the cause of 'sharing and caring'. At present the Club conducts awareness activities within the campus, which we wish and hope will extend beyond the walls to further a great cause.

We present to you 2017- 18 edition of Mother's Campus. Do not forget to pause at the pictures and see the relentless work put in by our children and the spark of joy on their faces.

Thank you for giving us the opportunity to make them smile.

Thank you for being our strength.

Mrs Anila Nair
Principal

Congratulations for
completing

10 YEARS
OF SERVICE

Ms Surbhi Thakur

I stepped into the premises of Sri Aurobindo Public School with wonder and curiosity. I had never taught children. I was extra ready with my preparation for the class, the students were ready too. The excitement in their questions, spark in their eyes to see a new teacher was expressed not only in their chitter chatter but also in their mannerism. Newly arrived in the school with heavy academic demands, I felt overwhelmed.

I went to a co-teacher, Ms Deeksha Verma for advice on classroom management.(not realizing that she would turn out to be my best buddy in school). She understood the knack of teaching and guided me. And I was a good learner too. I learnt, innovated, developed time management skills and gained confidence. I understood with the passage of time as I learnt in management...,"there is not a script to follow with and for our students. We must continue to cultivate the environment of intellectual inquiry and courage."

The importance of learning was seeded in me at my school, a place to which I owe my personality. In retrospect, I can see how readily I have sought my mentors, colleagues or even students soaking up eagerly whatever they taught me. I am a strong believer of Karma, my climb from a teacher to a Senior Coordinator has been self-propelling. I am obliged to our Director, Col P S Choudhry, a leader whom I look up to as my mentor. His motivation inspired me to create the School Logo and the School Song. My transcript would not be complete without the mention of our Principal, Mrs Anila Nair, a lady of values who continuously ignites in me creativity and an immense desire to work for the benefit of children.

I feel indebted to Sri Aurobindo Public School for creating an atmosphere of learning and growth not only for children but for teachers too. The vision of our management is truly visible in the culture and ethos of the school. I feel proud to be associated with Vardhman. Thankyou SAPS family and my students for changing my identity from Mrs Surbhi Thakur to Surbhi Ma'am.

Ms Simmi Sharma

It's really unbelievable for me that it's finally a decade now!

I still remember the year when I joined this prestigious school only for a period of one month against a leave vacancy, but it paved my way to a smooth and concrete path of more than ten years.

During this journey I realised that teaching is a noble profession that shapes the character, calibre and future of an individual. I had an opportunity to work under the guidance of different Principals who with their immense knowledge, patience and constant motivation shaped me into a passionate teacher with better management skills.

I served as a Coordinator, Kinder Garten for four years and got the chance to become House Incharge twice - bagging the trophy both times. I kept on doing my job with utmost loyalty and dedication. I learnt valuable lessons from my students as well as my Co-Teachers.

I would really thank Col P S Chaudhry, all Principals, Coordinators, Co-Teachers, Staff Members and the students for believing in me. Without them, I guess, my journey wouldn't have been as smooth and memorable as it is today. I continue with the belief they have in me for more years to come.

***I would like to end with a quote of Dr APJ Abdul Kalam-
"The role of the teacher is like the proverbial 'Ladder'. It is used by everyone to climb up in life, but the ladder itself stays in its place."***

Events of the Year

Science Exhibition

In its initiative to promote participatory and hands-on learning in Science, the School organized a Science Exhibition in its premises at school. The activity was aimed at providing a common platform to students to give shape to their innovative ideas and learn from each

other's experiences. The Theme and sub-themes were given to the students as per their class level to prepare models. The exhibition along with Art and craft display was open for the parents also.

Science
Exhibition
2017-18

Gold medals aren't really made of gold. They're made of sweat, determination, and a hard-to-find alloy called guts.

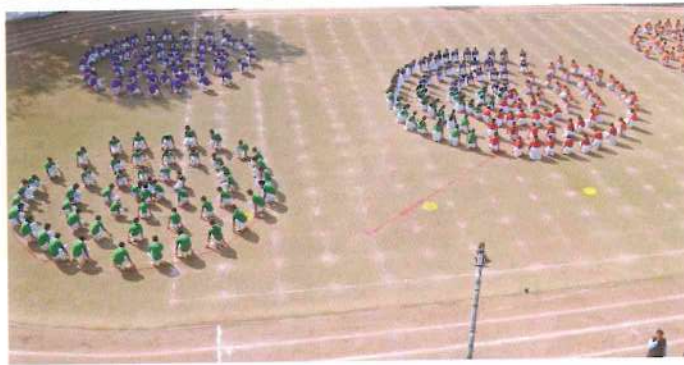

The much awaited Annual Sports Day was held in December 2017 in the school ground. The huge turnout of the parents and the pleasant weather were the perfect boost for the students. The aim behind holding the event was to inculcate the spirit of sportsmanship and fondness for sports in children. The day was a fun filled fest of excitement energy and delight as around 1100 students presented and participated in various activities under the eager eyes of parents. The event commenced with the chief guest Mr. Rahul IPS, SP of Baddi hoisting the school flag followed by a Guard of Honour presented by the student of the four houses of the school. The school band was led by Akashdeep. The chief guest, Director Col. PS Choudhry and Principal Mrs. Anila Nair took the salute. The school Band in their full uniform played the tune for the marchers.

A peppy dance and an energizing exercise drill set the tone for the rest of the event. Once the races began, the air was filled with cheering and tons of encouragement for the

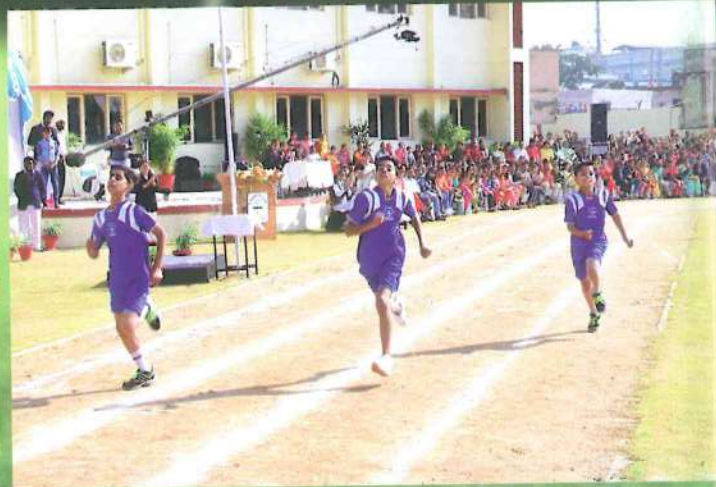

young athletes. The day ended with our special guest of Honour Mr. Ajay Thakur, Captain Indian Kabbadi team, congratulating the winners with medals and certificates.

In his concluding speech, the Chief Guest praised the endeavours of the school. He highlighted the necessity of sportsmanship in a world riddled with rat races for glory. The Principal also thanked parents for their support and encouragement that lent charm to the event.

Celebrations & Festivity

Independence Day

The Independence Day celebration began with a fantastic note first by seeking the blessings of the almighty God. It was followed with a speech given by the students. The choir sang a melodious patriotic song. A brief description of the Preamble to our constitution was given. Dance can change any mood gracefully, so according to the occasion a fusion dance was presented. Our Principal

addressed the school rendering her message of having a sense of patriotism on the occasion. A group song was presented once again by the choir. Students also recited a patriotic poem. The programme came to a conclusion by singing the National Anthem.

Happy Janmashtmi

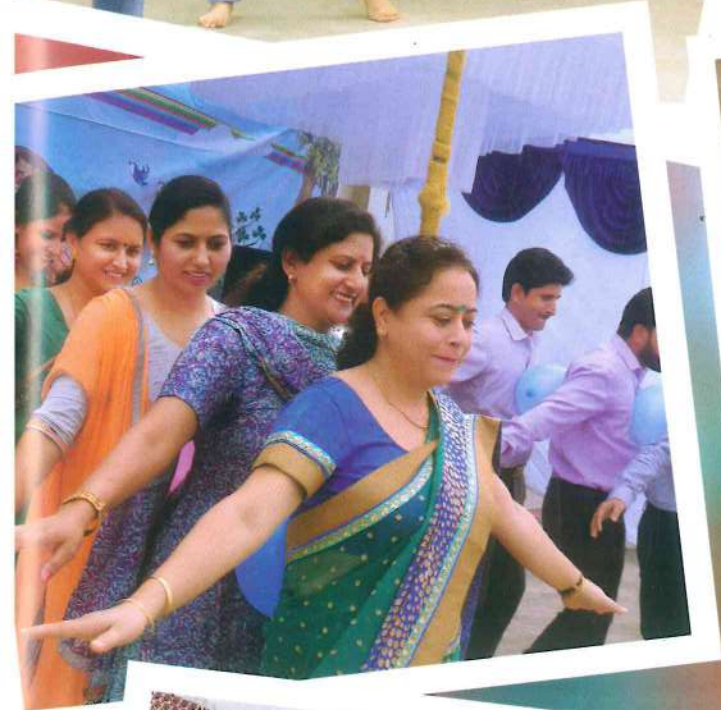

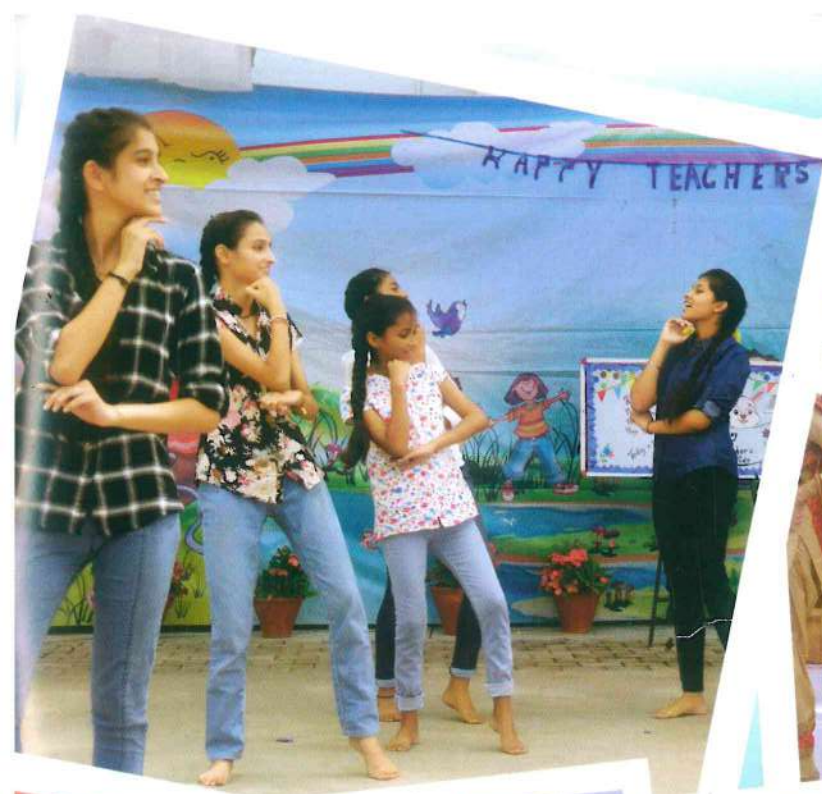

Teacher's Day Celebration

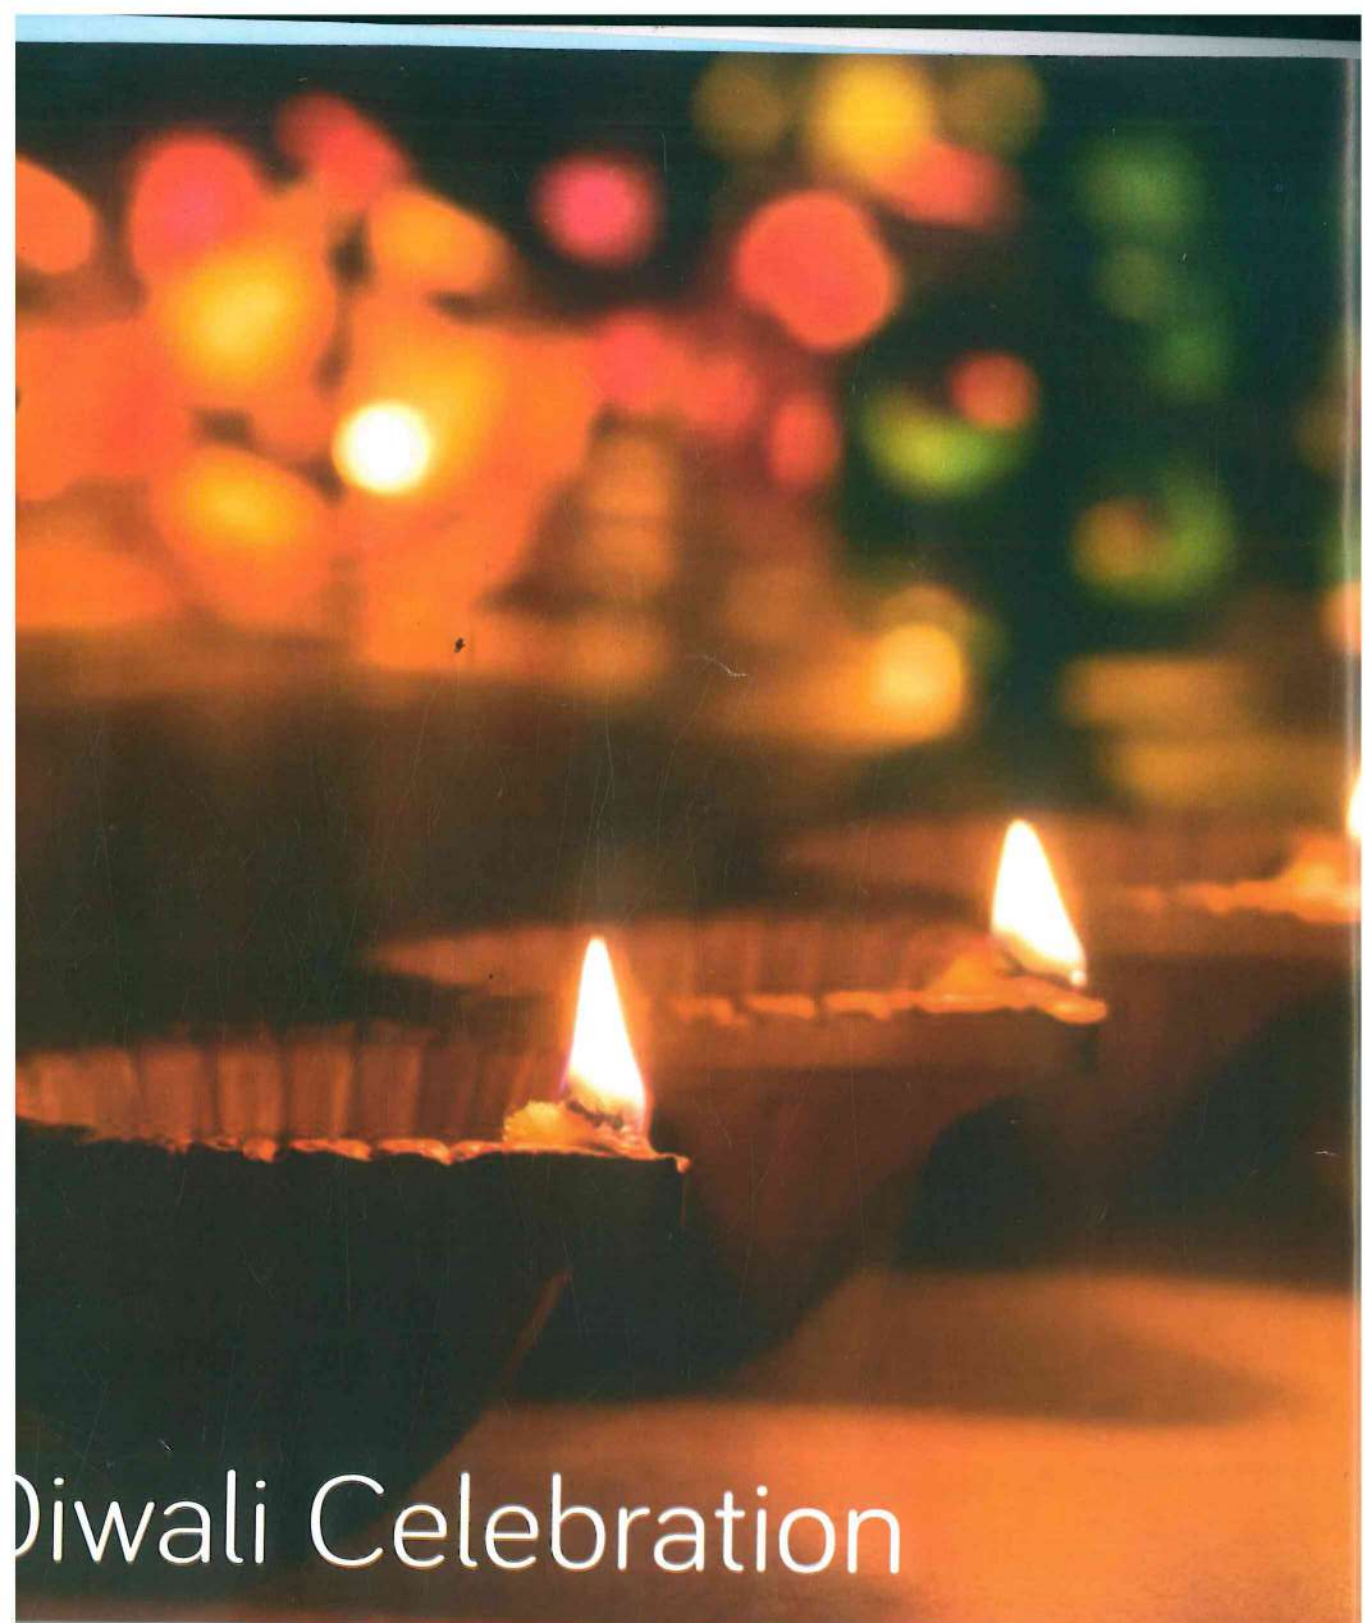

"You are the bows from which your children as living arrows are sent forth." (Khalil Gibran)

Teachers' Day was celebrated on Friday, 5th September in school with great fervor. The Members of the Student Council, who had been preparing for the grand day for more than a week, organised a great show dedicated to their teachers. The day buzzed with excitement and smiles all around. The day commenced by bringing everyone's attention to the immense importance of teachers and the role they play in children's lives. Thereafter it was fun and frolic. Class

11 students enacted a skit on students life. Music engulfed everyone with a graceful dance performance by the girls. Lastly and most importantly, Principal Madam shared a few words of encouragement for the students who had worked for days behind the scenes to organise the event. It was truly a proud day for the teachers to bask in the love and attention they received from their students!

Diwali Celebration

Christmas Celebrations

School celebrated Christmas with great fervour and enthusiasm. The entire school vibrated with the echoes of Christmas carols.

The school ground wore a festive look with bells, streamers and a beautifully decorated Christmas tree. The boundless joy of celebrating the festival was amply visible on the faces of the children especially when Santa moved around distributing sweets to them.

Republic Day

Republic Day was celebrated by the staff and students of school with patriotic fervour. Respected Director Col. PS Choudry hoisted the national flag and spoke to the students about the sanctity of the occasion and the role played by the Constitutional makers, with particular reference to Dr. B.R. Ambedkar.

School Principal Mrs. Anila Nair threw light on various tasks to be undertaken by the present students who are the future citizens of the country.

Joy of Giving Week'

It's time to celebrate the festival of giving: 'Joy of Giving Week'. The Joy of Giving Week is a festival of philanthropy that aims to inculcate the values of gratitude for what we have, share with those who do not have and also help the needy. We at SAPS celebrated the 'Joy of Giving' Week in order to sensitize students towards the values of 'Sharing and Caring'. Various things were donated like Stationery and Toys. New or old books in good condition & Clothes - In usable condition. The collected items were donated to an NGO dealing with under privileged children.

Love you
MOM!

Love
you
Mom

Mother doesn't want any language to understand her child's emotions and feeling.

Simran
X-A

MY MOTHER

There was no fonder smile than mother's smile, no softer touch than mother's touch. In sleep a child and at dawn you know how I'm taught.

So much 'I'm much', much more than 'all'. Though tender words, these do not speak of love as all, nor how we fall and mother's there, nor how we reach from nightmares in the darkest night and she is there to hold us tight.

There never was a stranger back than mother's back, that held our weight and lifted us, when we were small, and bled us till we reached the goal, that held our hands that first bright morn, till we could run, and did, and flew. Oh, oh, a mother's tender smile will stop and follow after you!

My Mother

For all you do,
you do with love.
You are so special,
a gift from above.
And with all my heart
I want to say
"I love you
Mom."

A mother is the bank of never ending love and care for her kids...

There will be SO MANY TIMES you feel like YOU'VE FAILED but in the EYES, HEART AND MIND of your child YOU ARE SUPER MOM

My Lifeline, My Guide, My Mother

There are no other words that can describe the love I feel for you, my mother. You are the one who has always been there for me, no matter how small or how big my problems are. You are my lifeline, my guide, and my mother. I love you so much, and I will always be grateful to you for everything you have done for me.

I love you so much, you are like a mother to me.

Here's a big hug for you.

God made a wonderful mother. A mother never grows old. She made her smile of the sunshine. And he molded her heart of pure gold. In her eyes she placed bright shining stars.

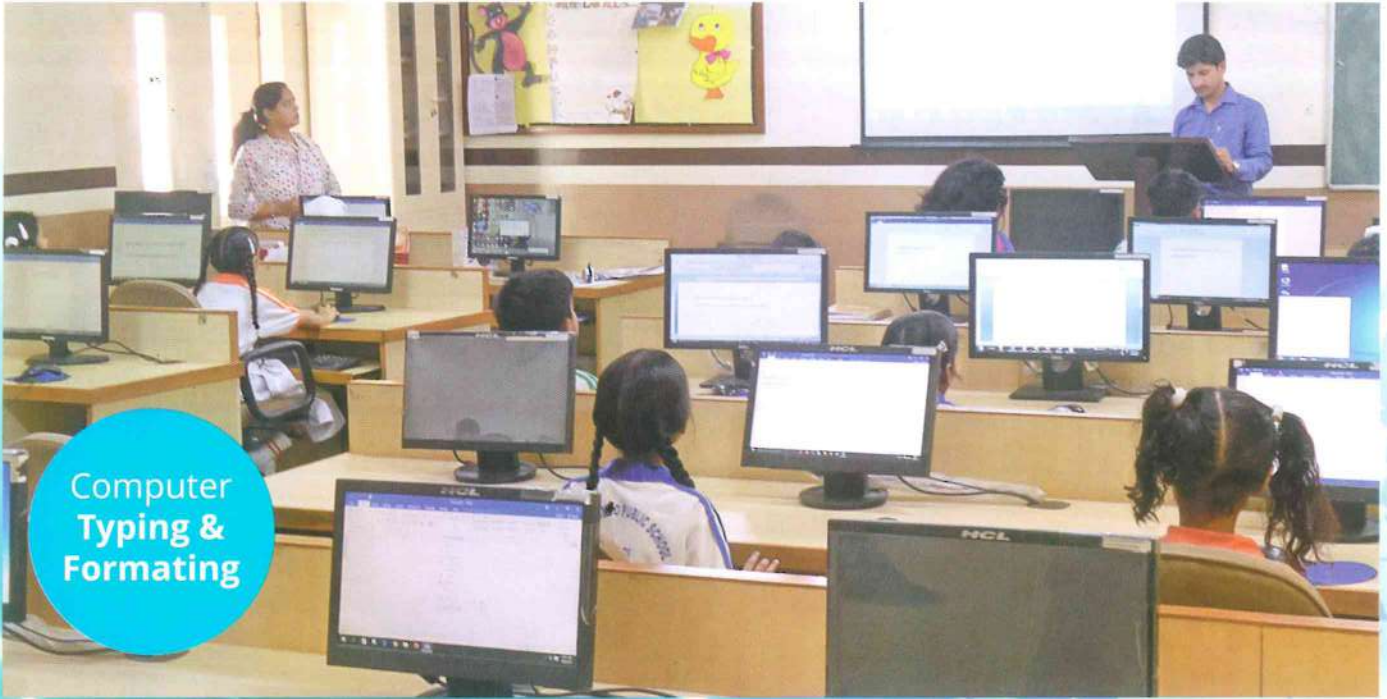

I LOVE YOU MOM TOO MUCH!

Happy Mother's Day

God made a wonderful mother. A mother never grows old. She made her smile of the sunshine. And he molded her heart of pure gold. In her eyes she placed bright shining stars.

I LOVE YOU MOM TOO MUCH!

Thematic Assemblies

Thematic assemblies play an important role in building student's confidence for public speaking. The topics taken for thematic assemblies give them complete knowledge about topics like important days, Important

personalities, national festivals, religious festivals etc. Instead of just giving a speech on the topic, the students performed role play in front of the school.

Capacity Building Program for Teaching Accountancy in COE, CBSE, Panchkula Attended By: Ms Surbhi Thakur Mr Pawan Kumar	Mr Gaurav, DAV Delhi Dr S Shehrawat , K.V. Sangathan, Author NCERT Books, New Delhi	<ul style="list-style-type: none"> A revisit to syllabus class XII Accountancy, areas of difficulty Guide to Project work in Accountancy Techniques to make subject interesting.
Capacity Building Program for Teaching Business Studies in St Soldier International School, Chandigarh Attended By: Ms Surbhi Thakur	Ms Sanyukta Mukherjee, Sankriti school, Delhi Dr Navdeep, Gold medalist Commerce	Use of Mind Maps and memory techniques <ul style="list-style-type: none"> Case Study analysis Use of cartoons and diagrams Making of question paper Blueprint Arranging of special seminar for students for developing subject excellence.

“A little  towards perfection is a great leap”

New Initiatives taken

As the year has rolled by it gives experiences and every new year brings with it new challenges. Experience gives the courage, attitude and the readiness to face the challenges.

These have reflections in the changes introduced this year. We have put in our efforts to

..... introduce formal, structured Class tests for consistent learning for all classes.

..... incorporate in our teachings the learning practices adopted from best and researched practices shared in trainings.

..... bring changes in the way the calendar activities are held. Thematic Assembly days have been extended to Thematic Assembly Week giving each child an opportunity for public speaking.

.....initiate Remedial classes for building a stronger academic foundation.

.....show empathy to the society by Sewa Club Activities an initiative by CBSE. Students have themselves spurred a number of activities to extend help to others in the form of class committees...

.....prepare worksheets keeping in mind the level of learning of the child with a view to reinforce the concepts taught in class as well help him climb a higher level of learning.

..... trigger Inter House Board decoration competitions arousing a sense of belongingness to the house and an urge to compete and giving wings to their creativity.

....this trail of learning will continue.....
.....as our urge for perfection is never ending...

Tilak Ceremony

As a tradition of the School to bless the outgoing batches of class XII so that they mark the world with their achievements in their coming life, the school held the Tilak ceremony.

Sujith J Nath, on the behalf of the complete class gave a vote of thanks to the Principal

and teachers for guiding them to the right path.

Tanish, student of class XII got nostalgic on remembering the days of his first day at school and shared his feelings as he started his schooling from SAPS.

Farewell.....

Grand send off

**WE DIDN'T REALIZE WE WERE MAKING MEMORIES
WE JUST KNEW WE WERE HAVING FUN.**

The farewell was organized by the students of class XI and teachers to bid farewell to the outgoing class XII students, session 2017-18 with great gusto. The Director Col. P S Choudhry of the school attended the function as the Chief Guest.

Mr SAPS - Sanchit Sharma
Miss SAPS - Akanksha Dubey

Mr Perfect - Sujith J Nath
Miss Congeniality Ekta Chauhan

Thought that found words...

आवाज़ उठाकर देखो

ना राम से ना कुरान से,
ना हिंदु - मुसलमान से
देवान बनकर बैठे हैं जो कल तक इंसान थे
आवाम से उम्मीद क्या,
क्यों सौच अपनी सौई है?
जरा सौच के तो देखो वो बच्ची कितना रोई है;
बचना पाई वो उन देवानों के इरादों से
मूंद कर वो आँखें प्यी, अंगारु के किनारों में
दूँढती होगी अब अपनी माँ को वो सितारों में;
आँखों में नमी प्यी अम्मी रात भर ना सौई
अपने बच्चे की कमी प्यी शायद रात भर वो रोई
इतना सबकुछ सह गयी दुनिया प्यी ना देखी प्यी
अकेले सबकुछ सह गयी ना माय में प्यी कोई
आवाज़ ना उठाई तो कल सबके माय ये होगा
आज उसके माय हुआ है कल तुम्हारे माय भी होगा
मेरी रुक हुआ है तू अन्नत में सलामत रहे
अगले जन्म में मेरी बहन बनकर आना तू बहना
काश! वो घर से ना जाती कारा ये ना होता
काश! उसको बचाने वाला कोई माय में होता
काश! कि वो झिंदा होती ये दिल फिर ना रौता
सैसी चीज़ें देखकर मेरा देश क्यों है सौता?

आज भी समय है तुम बात बढाकर देखो,
इंसान है तकलीफ में तुम हाथ बढाकर देखो
कितनी जानै बच जासंगी अब माय में होगी सब
शौक मनाता बंद करो आवाज़ उठाकर देखो

ऋतुराज शर्मा

10-A

MISSION BOARD

कक्षा की वो जंग बहुत बड़ी थी,
जीतने की आशा दिलें में,
वेतहाया खड़ी थी,
सूर्य को हराना संकल्प बन गया था,
अंधर के प्रोजे की सोना तन गया था।
'सहीने पढ़ने ही, पैपरो की तैयारी शुरू कर ली,
Bihar, Bijnor, Chand हर कितना पढ़ ली।
तैयारी, आखिर थी,
पेन, पैसिल, स्कूल से पाले,
और लड़ने चल पड़े जैसे
सन्नी देखात BORDER वाले।
Hindi, English, Science, S.S.T, Maths,
सारे पैपर अच्छे गए।
और मन ही मन से Marks Calculator हो गए।
फिर आखरी पैपर के दिन फुल खुशी मनाई
Vice City में Bank में बैंकर
Full on गीइयों लगाई।
फिर यहाँ-वहाँ की लंबी-लंबी बातें फेंकी,
और स्वप्न में साक्षात WONDER WOMAN
और BLACK WIDON देखी।
फिर शायद Dark Night ने थर्डेज़ करा हीवा.....।
पर न जाने क्यों सपना टूट गया,
WONDER WOMAN ने जो हाथ पकड़ा था, टूट गया।
स्कूल इन्टके से Heart Leak हो गया,
जब पता चला, की Maths का Paper Leak हो गया।
"The Paper Will be Conducted
ONLY FOR DELHI-HARYANA Again"
ये सुनते ही,
मैं ही गया लौटली INSANE
पर न जाने उन्हें कौनसी बात लगी सही,

NUMBER सबके आते हैं,
उन्के पीछे न पड़ो,
धारण करना ही है कुछ,
तो "KNOWLEDGE" धारण करो॥

जो वहाँ पर भी पैपर हुआ नहीं।
चार दिन की चाँदनी के बाद, आई अंधेरी रात,
जब आँखें धी खुली, दिमाग था चौकन्ना,
और नींद ने न दिया साथ
पूरी रात, Horror Movie Wala scene था,
क्योंकि रिजल्ट अचले दिन था ॥
Planning पूरी थी कि,
कम Marks वाले को निदाऊँगा,
आँखों की Min. Visible Range पर,
अपनी Marksheet दिखाऊँगा,
और Poster में अपनी Photo चमी हाँगी,
क्योंकि 90% से कम कतई नहीं लाऊँगा।
3-4 बजे आना था रिजल्ट,
1 बजे ही गया Upload
देखते ही अपनी Marksheet, Mind हो गया Explode.
89.4 से आगे नहीं बढ़ा सीटर,
दिमाग के कानि-कानि में बन रहे थे हूटर।
चुपचाप बस में गया और चुपी साथी,
हर साथी वॉस्त ने हँसाने की जान लवाकी
अपना पानी तो कम था,
मगर किसी के 98% है, इंसका ज्यादा रास था।
Mark fail की मुद्रा मेरे सामने AWAKE थी,
लेकिन मरने से बच गया, जब पता चला,
वो 98% एक calculation mistake थी।
खुबा बहुत था मैं पहले,
हवा में खुद को धाड़ा लिया।
पर 30 को PURAVATI लगी,
और नीचे मुझे बुला लिया।
फिर सोचा मैंने कहीं मेहनत पड़ी कम,
जो दिंबाँध पहले पीटा था,
वही मलत हो गए ये हम।

POEM

I want to tell you about a doll,
who was very cute and small.
Her name was Nanci,
She loves to wear clothes which were fancy.
Her age was three, she never sits free.
She lives near the sea, and plays under tree.
Her school was across the road,
where she never be bore.
She loves to eat fries, and she never cries.
She writes with pencil, her best friend's
Jencyl.
